Why Don't You Love Me Like You Used To Do ^{Key of C}

Hank Williams

4/4 time Strum: dudu

This is an easy song. The B chord only shows up in the Outro to make a neat ending to the song. After you play the B chord, you can then slide your fingers up from the 2nd fret position to the 3rd fret position (keeping the same fingering shape) to play a C chord variation.
